[page 247]

Lin-pro dry shake spreader enables you to spread quartz, fibre stops, colour and dry shake hardeners evenly over the surface.

Sprinkling carrier

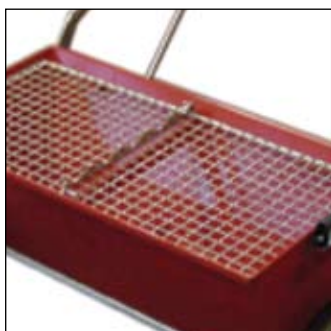

Consumption pitch

Easy adjustable pitch to control the consumption of the material.

Wide wheels

The wide wheels prevent tire marks on the concrete.

Hopper

The big hopper can take up to 100 kg of material. Place the bags on the grid. Cut open with the special cutter and lift to allow the material to pour into the hopper.

Handles

Handles on the sides help to manouver the spreader.
